

LCBI HIGH SCHOOL COURSE SELECTION GUIDE (GRADES 9 – 12)

2022-2023

NAME: _____

GRADE: _____

LCBI High School follows the curriculum established by the Government of Saskatchewan.

- In addition to the required courses, LCBI High School students must take a course in Christian Ethics for each year of his or her enrollment. CE courses fulfill a P.A.A. (Practical and Applied Arts) or Arts credit. Students need 2 P.A.A. or Arts credits to graduate (they can be at the 10, 20 or 30 level).
- LCBI works within the semester system (aside from our full-year courses). Students are allowed to take a maximum of ten semester courses and two full-year courses throughout the year. At every grade level, there are certain courses students must pass in order to graduate. These courses are known as compulsory courses. Other courses, however, are optional. Students may choose which ones they wish to take in order to fulfill the requirements for their Grade 12 diploma.
- Full year classes are offered throughout the year on alternating days.
- Students may be required to take a full course load. Study Halls will only be granted with parent permission and/or Administrative permission (based on past Study Hall work ethic, etc.)
- Some of the elective courses listed below may not be offered; the exact timetable will be determined by interest and available resources.
- Final schedules will be determined during the first week of classes.
